Welcome!

Welcome to Back-to-School Night! We are incredibly fortunate to have you with us this evening, and I am deeply grateful, as your principal, to see so many of you here, ready to play a vital role in your student's educational journey.

At Frost Middle School, our mission goes beyond academics. We are committed to nurturing a learning environment where students not only excel academically but also grow into ethical, compassionate individuals. We believe in the Golden Rule—treating others as we wish to be treated—and this philosophy is at the heart of everything we do. Our faculty is dedicated to this cause, working tirelessly to provide a rigorous, standards-based curriculum in every subject while fostering a culture of respect and integrity.

We are proud to be part of a community with a rich history of educational excellence. Our goal is to continue this tradition by preparing our students to be college and career ready, equipping them with the skills and mindset necessary to thrive in high school and beyond. The faculty and staff at Frost take on this challenge with enthusiasm and dedication, and we are committed to making you proud of our school.

We offer our students the tools and support they need to succeed both in the classroom and in life. Please know that we are here to care for and guide your students, and we welcome your partnership in this important work. If there's anything we can do to assist you, please don't hesitate to reach out.

Once again, thank you for joining us tonight. We hope you have a wonderful evening and enjoy the opportunity to connect with our dedicated teachers and staff.

With gratitude,
Elmer Choe
Principal

**Stop by the Student Store
(near the cafeteria)
to purchase refreshments,
P.E. Clothes and more!**

Pre-Sale!!

Be sure to get your

2024-2025

Yearbook!
